

# XT20

## Rugged Touch Computer

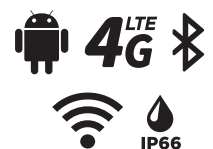

### More Power. More Features. More Affordable.

Mobile workers need to be smarter and more productive than ever – especially in demanding work environments like retail, hospitality, transportation and logistics, field service, and manufacturing. Packed with an abundance of business-critical features, the XT20 rugged touch computer defies the status quo with an extremely affordable price point, enabling businesses of all sizes to maximize employee productivity, streamline operations and significantly reduce operational costs.

Small, light and ergonomically designed to fit in the palm of the hand, Janam's XT20 delivers all the features that enterprises require to save time and money and boost profitability. The XT20 offers a 4.3-inch touch screen and supports the Android 7 operating system to provide the same intuitive user interface as your personal smartphone. An extended-shift battery that can easily be changed in the field provides all-day, uninterrupted power, while a powerful 2D barcode scanner, and high-performance camera address the most demanding data capture requirements.
