

SPECIFICATIONS

skeye.allegro

- Marvell PXA270 624 MHz
- 128 MB SDRAM, up to 512 MB Flash
- 2,8" QVGA colour TFT
- Embedded WLAN 802.11g 54 Mbit/s (optional)
- Bluetooth, GSM/GPRS (optional)
- 1D-Laser scanner or 2D Imager
- RFID Module to ISO 15693 (optional)
- RFID Module 134,2 kHz for TIRIS® Tags (optional)
- SD Slot
- Windows CE 5.0
- IP65 rated
- Weight: 330 g including battery
- Size: 201 mm x 26/47 mm x 54/73 mm (W x H x D)
- Accessories:

 - USB or Ethernet Docking Cradle
 - 4x USB, Ethernet or Charging Cradle
 - Car Cradle
 - Battery charger

skeye.allegro LS

- Marvell PXA270 624 MHz
- 128 MB SDRAM, up to 512 MB Flash
- 3,5" QVGA colour TFT with landscape orientation
- Embedded WLAN 802.11g 54 Mbit/s (optional)
- Bluetooth, GSM/GPRS (optional)
- 1D Laser scanner or 2D imager
- RFID Module to ISO 15693 (optional)
- RFID Module 134,2 kHz for TIRIS® Tags (optional)
- SD Slot
- GPS receiver (optional)
- Windows CE 5.0
- IP65 rated
- Weight: 370 g including battery
- Size: 201 mm x 54/116 mm x 26/47 mm (W x H x D)
- Accessories:

 - USB or Ethernet Docking Cradle
 - 4x USB, Ethernet or Charging Cradle
 - Car Cradle
 - Protector
 - Battery charger

- Optional: Colouring -> anthracite

Retail and Logistics by Höft & Wessel

Ergonomic Hightech

If Wireless LAN, SD Cards, Laser Scanner, Imager or RFID:
 skeye.allegro meets all the demands of retail or field service applications.

skeye. allegro LS

Ergonomics

To ensure greatest possible flexibility at work, the skeye.allegro is designed for one-hand operation. It is handy, light-weight and yet very sturdy. The skeye.allegro will soon become an indispensable tool in scan-intensive applications – and thanks to its IP65 rating it will do its job even in demanding environments. skeye.allegro's excellent ergonomic features and its advanced power management facilitate non-tiring and long work without interruptions.

Process Optimisation

Its optimum features will turn the skeye.allegro quickly into a valuable process optimisation tool. It is user-friendly, ergonomic and robust making its design ideally suited for daily use in retailing, logistics and warehousing.

Performance

The fast processor and generous memory complement provide enough power for complex applications. The brilliant 2.8" or 3.5" colour display with a resolution of 240 x 320 pixels ensures easy to read screens. The embedded wireless LAN module guarantees fast real-time data transfer in 802.11g (54 Mbit/s) environments and maintains network consistency. The skeye.allegro meets all requirements you should demand from a mobile solution.

Flexibility

Whether linking to a 54 Mbit (802.11g) wireless LAN network, use of SD memory cards, data capture per laser scanner, imager or RFID: the skeye.allegro meets all modern IT requirements and integrates seamlessly into existing infrastructures. Microsoft's professional Windows CE 5.0 operating system and the skeye. system tools facilitate flexible customised and modern programming and configuration of the skeye.allegro and ensure optimal adaptability to existing systems minimising the cost of investment while improving efficiency.

Variety

Apart from many optional components and expansion options, the skeye.allegro is available in many customised versions. Whether you require Linux, GPRS, Bluetooth or more memory – Höft & Wessel supplies the skeye.allegro optimised for any application.

The skeye.allegro LS is designed to display complex data such as lists etc.: The large 3.5" TFT display in landscape orientation provides unique representation of data without losing the ergonomic advantages of the basic skeye.allegro.
